Our Chapel Downs Vision

Chapel Downs' shared vision of our learner is designed to empower students to thrive in the 21st Century, for our children's future. The six learner dispositions are a combination of skills, attitudes, values and knowledge that our learning community have identified as being essential. Our students need an up-to-date curriculum that reflects not only the knowledge and skills needed for the future, but also the best teaching strategies and learning theories. The community consultation undertaken in recent years, reinforced the need for vision and direction in developing students who are life long learners. These 21st Century learner dispositions are reflected in the Ministry of Education's NZ curriculum with the five key competencies being integral to the way students learn and teachers teach.

Our School Reflects Cultural Diversity by:

- Respecting and valuing all cultures within our multicultural community.
- Providing learning support for our students with Non-English Speaking Backgrounds.
- Working to achieve key goals 'Pasifika Education Plan' 2030 Vision Improving Education outcomes for Pacific Learners ERO Report 2014.
- Including bicultural and multicultural aspects within the curriculum.
- Acknowledging and utilising local human resources within lesson planning.
