

MY FUNNY AUNTIE

My Auntie is special because she has a loud laugh like a witches laugh. My Auntie has yellow blonde hair, lucky last brown eyes, a black coat, brown and white sandals and she is 34 years old. She behaves because she doesn't jump around the house, she does not mess the house she cleans the house. She makes delicious food, like chicken soup, rice and Milo. She always says, "Did you eat all your lunch?" when I come back from school. When my mum comes, she always says, "I'll take you to the park to exercise, okay." I always feel like she wants me when she cares about me. When I wake up she always finds the right things for me to get ready for school. She is good at finding like a scientist discovering something.

When its dinner time she always goes up to my bedroom and says, "Henry, dinner time." My Auntie likes doing singing, dancing and hanging out with my brother. My Auntie is the best in the whole world. My Auntie is the perfect Auntie for me.
